Re: *Estate of Yaron Ungar v. The Palestinian Authority*, C.A. No. 00-105L

Dear Judge Lagueux:

Plaintiffs previously notified the Court of an outstanding judgment against the Palestinian Authority ("PA") and PLO in the matter of *Bucheit v. PLO*, No. 00-1455 (GK) (D.D.C.). Michael Selter, Bucheit's counsel in the PLO litigation, first contacted me regarding the outstanding judgment on February 19, 2008. The PA and PLO engaged Miller & Chevalier in late April 2007 to represent them in Anti-Terrorism Act and Alien Tort Claims Act litigation pending against them in the United States. Thus, as I informed Mr. Selter when he first called, Miller & Chevalier did not represent the PA nor PLO in the Bucheit commercial litigation matter. After Mr. Selter's phone call, I followed up with our clients. Because Mr. Maher Hanania, who formerly represented the PA and PLO in the Bucheit matter, is apparently no longer practicing in the United States, Miller & Chevalier sought and received authorization from the PA and PLO to act on their behalf in connection with this matter.

On March 17, 2008, the parties in the *Bucheit v. PLO* case reached an agreement in principle to fully and finally resolve the matter according to an agreed time frame. Upon receipt of payment, Mr. Selter will file a satisfaction of judgment in the *Bucheit v. PLO* case. Mr. Selter has reviewed the contents of this letter and has indicated he does not object to characterizing the parties as having reached an agreement in principle.

Respectfully submitted,
